A Women's Day of Reflection

Jan 29, 2011

Presented by Familia of Metro Denver

Featured Presentations

Graced and Gifted

Presented by **Kimberly Hahn**

Biblical Wisdom for the Homemaker's Heart: How can you grow closer to God through doing the dishes? What does ironing your children's shirts have to do with their salvation? Is there really a connection between the ordinary meals you prepare for your family and the sacred meal Christ prepares for us all in the Mass? Graced and Gifted will help you grow in your understanding of the eternal importance of your work as a wife and mother. It may also help you find new ways to tackle the chaos of everyday life, bring creativity into the home, and see just how much God has graced and gifted you for these special tasks.

What Has Jesus Done for Us?

Presented by **Father Jon Budke, LC**

Father Jon Budke, a Legion of Christ priest and spiritual director, will present a meditation to renew our focus for the New Year by reflecting on what Jesus has done for us and our response to that.

Making a Home for the Word

Presented by **Kimberly Hahn**

Kimberly will discuss how to share the scripture with our families. She will address the man as the spiritual leader of the home and how to better draw him into that important role.
